Overview: Brokers may refer “Principal Buyers” (or true buyers) to the Note Store for consideration. The Note Store will review the submission, and if the buyer is deemed qualified, and agrees to our terms, “your buyer” will be put in a database where they will be sent offers to purchase Note Store Notes as they become available. Should “your buyer” purchase a Note from the Note Store, you will receive a check equal to 15% of the commission earned. Furthermore, you will receive 15% EACH AND EVERY time they purchase a Note from the Note Store.

True buyers must be an individual, or an individual doing business as a sole entity. Currently we do not accept names of professional companies in the business of buyer or selling Notes.

There are a lot of ways in which to find “True Buyers”, but one way is to put ads in local newspaper classifieds, or any of the free online classified ads out there, such as Craigslist. The more buyers you bring us the better your chances of creating a residual revenue stream. Good Luck!
